

CREATING IBM CLOUD SERVICE

Date	8 NOVEMBER 2022
Team ID	PNT2022TMID05347
Project Name	GAS LEAKAGE MONITORING AND ALERTING SYSTEM FOR INDUSTRIES

The screenshot displays the IBM Cloud dashboard. At the top, there's a navigation bar with the IBM logo, a search bar, and links for 'Catalog', 'Manage', and 'Sri Ram S's Account'. Below this, the 'Dashboard' section is visible, featuring a 'For you' row with six cards: 'Build', 'Set up your IBM Cloud account', 'Build a web app with Watson Speech to Text', 'Modernize your application', 'Use Speech to Text', and 'App Connect'. Each card includes a brief description and a 'Getting started' or 'Recommended' button with a time estimate. To the right of these cards is a 'Select an option' dropdown. Below the 'For you' row, there are three main sections: 'News' (with a 'View all' link), 'Planned maintenance' (with a 'View all' link), and 'IBM Cloud status' (with a 'View all' link). The 'News' section lists several articles, including 'IBM Tech Now: November 7, 2022', 'Unified Key Orchestrator Now Supports Easy Multicloud Key Management for Google KMS', 'TrustRadius Best Software: Five IBM Offerings to Make the List', and 'Announcing IBM Cloud Pak for Network Automation Version 2.4'. The 'Planned maintenance' and 'IBM Cloud status' sections are currently empty.

An IBM Cloud Service created Successfully .
